

CLIMATE TRANSITION / 2026-2030

Harbor City Climate Plan

A synthetic strategy report designed to test PDF extraction, semantic retrieval, entity recognition, and multi-hop graph traversal in InsightGraph.

Executive mandate

Blue Transit Program is sponsored by Harbor City Council. Blue Transit Program supports Net Zero 2030 Goals. Blue Transit Program depends on Coastal Battery Network. Coastal Battery Network is owned by Clean Mobility Authority.

Harbor City Council is responsible for Net Zero 2030 Goals. Climate Delivery Office supports Harbor City Council. Elena Marquez is responsible for Climate Delivery Office. Elena Marquez reviews Climate Progress Board.

Transport and energy

Electric Ferry Initiative depends on Coastal Battery Network. Electric Ferry Initiative partners with Port Operations Team. Port Operations Team supports Blue Transit Program. Coastal Battery Network uses Tidal Storage Facility. Tidal Storage Facility is owned by Harbor Energy Cooperative.

Nature and neighborhoods

Urban Forestry Initiative supports Net Zero 2030 Goals. Urban Forestry Initiative partners with Community Resilience Office. Community Resilience Office supports Heat Safe Neighborhoods Program. Heat Safe Neighborhoods Program is sponsored by Harbor City Council.

Measurement

Climate Progress Board reviews Blue Transit Program. Climate Progress Board reviews Urban Forestry Initiative. Open Climate Ledger is owned by Climate Delivery Office. Open Climate Ledger uses Civic Data Platform. Civic Data Platform supports Climate Progress Board.

The plan targets a fifty five percent reduction in transport emissions by 2030. It also targets twelve thousand new urban trees, forty electric ferries, and ninety megawatt hours of coastal battery storage.

RELATIONSHIP CHECKLIST

Expected graph edges

SUBJECT	RELATION	OBJECT
Blue Transit Program	SPONSORED BY	Harbor City Council
Blue Transit Program	DEPENDS ON	Coastal Battery Network
Elena Marquez	RESPONSIBLE FOR	Climate Delivery Office
Urban Forestry Initiative	SUPPORTS	Net Zero 2030 Goals
Open Climate Ledger	USES	Civic Data Platform

RETRIEVAL PROMPTS

Questions for the test run

1. How is Blue Transit Program connected to Harbor City Council?
2. Which initiative depends on Coastal Battery Network?
3. Who is responsible for Climate Delivery Office?
4. What supports Net Zero 2030 Goals?

Verification target

A successful hybrid query returns relevant PDF text as semantic evidence and displays at least one matching relationship in the knowledge map. Graph-only mode should not invent a path when none exists.
